

Catholic Websites

Opening the Digital Doorway
to Discipleship

Over 80% of churches say their website is the primary way they attract new families.

Your website is much more than a simple collection of web pages and related content. It serves as the virtual gateway symbolizing a strong commitment to fostering spiritual growth and encouraging discipleship among your community members. Your online presence connects and engages your faith community, while reaching out to those who seek a spiritual home.

Engage Your Faith Community

A well-designed website connects and engages its faith community. By providing essential information about your mission, sharing meaningful content, offering online resources, showcasing events, stewardship opportunities, faith formation resources, mass schedules, live-stream capabilities and a clear call-to-action for parishioners and visitors to explore further makes an unforgettable first impression, creates lasting impact and strengthen connections within your faith community.

Effortless Websites That Inspire Connection

ParishSOFT streamlines the way you connect with and grow your faith community. We provide multiple solutions tailored to meet your needs.

- Our ministry-focused themes enhance your digital footprint through Cloud or WordPress platforms with easy drag-and-drop builders, ensuring website creation is manageable for all skill levels. Our team can also develop custom themes to match your vision.
- ParishSOFT Websites deliver a powerful platform that showcases your identity, whether you have single, merged, or clustered communities, simplifying your online mission.
- We offer three flexible solutions for managing your website, making it easier to focus on your community rather than technical details.

ParishSOFT Website Solutions

Managing a website can be both complex and time-consuming. To address these challenges, we've created three adaptable solutions specifically designed to meet your unique needs. These options are designed to simplify website administration, enabling you to dedicate more time to your mission and less on technical details. Choose from pre-designed themes with editable templates or opt for custom-built solutions.

- No coding experience? Use our ready-to-edit templates
- Love to code? Enjoy our advanced options through WordPress
- Short on Time? We'll build you a custom website tailored to your needs and goals

Other ParishSOFT Modules to Consider:

Seamlessly embed ParishSOFT modules to streamline operations and enhance user satisfaction. For instance, by embedding ParishSOFT Giving and Forms, you create a consolidated platform for smooth donation management. Add Facility Calendar to optimize space and event scheduling, while maintaining a public calendar to keep members informed of activities. Additionally, parishes can link to the Streaming feature to broadcast weekly mass to your faith community.
